discover how a small conflict between a few countries became one of the biggest wars in history from 1939 to 1945 our resource captures the mood felt around the world during this time of war start by asking why do we remember world war ii find out how the facts of this war sent shock waves throughout history learn what happened after the treaty of versailles and which countries made up the axis and allied armies watch the rise of adolf hitler and his motivations behind the attack on poland get a clear picture of the battles of pearl harbor midway and normandy discover the sophisticated weapons that came out of this war from submarines to tanks learn about the devastating aftermath of the war and the necessary creation of the united nations aligned to your state standards and written to bloom s taxonomy additional crossword word search comprehension quiz and answer key are also included

as heard on npr s fresh air quite enlightening terry gross named one of the best books of the month by the new york times time and kirkus reviews a groundbreaking history decades in the making that chronicles how blackface dominated american society culturally financially and racially for nearly two centuries never before has the disturbing story of blackface and its piercing reflection of american society been so comprehensively told with darkology princeton historian rhae lynn barnes meticulously unravels the complex subterranean and all too often expunged history of darkology the insidious study commodification and dehumanization of black life through which performers caricatured the enslaved and formerly enslaved

for their supposed subservience and happy demeanor given the extraordinary research reflected in *Darkology* it is not surprising that Barnes spent twenty years tracking down fading photographs old movies bureaucratic detritus moldy scripts and living witnesses assembling an impressive archive that allowed her to demonstrate the astonishingly broad reach of blackface minstrelsy. Laurel Thatcher Ulrich painstakingly piecing together these scattered shards of evidence Barnes reveals the shocking extent to which blackface took center stage in every era of American history. This was not a fringe activity by 1830 as political resistance to slavery grew blackface exploded from a niche performance into a venomous national export. Within a decade hardly a theater in the country didn't put on minstrel shows. Following the Civil War this grotesque entertainment soared seeping from professional theaters into everyday amateur shows print and advertisements it was everywhere. Elks clubs religious institutions battlefields universities and schools it wasn't just in the Jim Crow era it defined it. The very name Jim Crow derives from minstrelsy's founding character. *Darkology* dismantles the myth that blackface was a fleeting post-Civil War phenomenon. Even in eras known for liberal progressivism it flourished. Barnes unearths the startling fact that four-term president Franklin D. Roosevelt was a devotee who died hours before a blackface show he had commissioned at Warm Springs. It permeated U.S. military bases and was even used in World War II Japanese American concentration camps and German POW camps as a bizarre tool of Americanization. After WWII the tide began to turn as black veterans and mothers in places like suburban California protested the practice in schools. Still blackface performances proved resilient surfacing as late as 1969 at the University of Vermont. Even as the Civil Rights Movement fought for equality blackface remained present in American politics and white supremacist organizing through the Nixon and Ford administrations. Its legacy still percolating in variable forms today by tracing minstrelsy's evolution through oral histories material culture and a wide range of multimedia sources Barnes's masterpiece David Blight forces us to reckon with the myriad ways the American dream wore blackface recasting this American story with vivid and engaging storytelling. Howard French *Darkology* is a landmark work that peers beneath the boulders deliberately obscuring our past illuminating a path toward a more just and equal society in America's future.

This is the complete study guide for the 2013 U.S. Citizenship Naturalization Test including both the Civics and English sections of the exam.
