this book critically examines the study of international relations in poland looking at the pre academic origins of the discipline its development after wwii under communism and after the transformation of 1989 apart from bringing a broad political and intellectual context it offers a thorough quantitative and qualitative study of hundreds of books and scientific articles the theoretical and methodological practices of polish ir scholars are presented in a comparative perspective looking for common patterns with other european countries this book is an invaluable resource for scholars with an interest in sociology of ir disciplinary history or scholarly metrics

this exciting new textbook challenges the implicit notions inherent in most existing international relations ir scholarship and instead presents the subject as seen from different vantage points in the global south divided into four sections 1 the ir discipline 2 key concepts and categories 3 global issues and 4 ir futures it examines the ways in which world politics have been addressed by traditional core approaches and explores the limitations of these treatments for understanding both southern and northern experiences of the international the book encourages readers to consider how key ideas have been developed in the discipline and through systematic interventions by contributors from around the globe aims at both transforming and enriching the dominant terms of scholarly debate this empowering critical and reflexive tool for thinking about the diversity of experiences of international relations and for placing them front and center in the classroom will help professors and students in both the global north and the global south envision the world differently in addition to general introductory ir courses at both the undergraduate and graduate levels it will appeal to courses on sociology and historiography of knowledge globalization neoliberalism security the state imperialism and international political economy

meant primarily for students studying international relations aspirants of civil services international relations today concepts and applications captures the drastic changes in international relations after the disintegration of the soviet union and the end of the cold war in 1991 it also examines the rise of china as a major military and economic power and the potential of russia india and germany as tomorrow s big powers it will also be useful for those interested in the discipline

how can local experiences and the social transformation generated by modernity help to enrich our understanding of the international what might a version of the much discussed non western international relations ir look like what continuities and discontinuities from the philippine experience in particular can be useful for understanding other post colonial polities the philippines makes a fascinating case study of a medium sized developing post colonial multi ethnic and multi cultural state in southeast asia cruz adiong and their contributors map horizons of non western approaches in philippine experiences of ir rooted in the global south and in local customs and practice examining both theory and praxis they explore issues as diverse as pre colonial history diplomacy religion agrarian reform and the philippines relationship with key regions in the global south the book will appeal to researchers interested in southeast asian studies and alternative perspectives on ir

on the political history of both the dynasties and their multifarious relations with neighbouring and distant countries

this timely introduction to the study of international relations places special emphasis on the politics of international economics and the nuclear threat written for beginning students the book combines comprehensive and realistic introductory material basic to the study of international relations with in depth case studies of major issues and problem areas such as management of the world economy and management of world military power east west and north south rich nation vs poor nation conflicts and the struggle for resources and ways and means of preventing world war iii readers untrained in economics will find the subject matter introduced before it is discussed in its applied form henry l bretton has published widely on western and non western government politics and international relations he is currently distinguished professor of political science at the state university of new york college at brockport

books recommended for the use of american catholic college and university libraries t p

the original handbook of international relations was the first authoritative and comprehensive survey of the field of international relations in this eagerly awaited new edition the editors have once again drawn together a team of the world s leading scholars of international relations to provide a state of the art review and indispensable guide to the field ensuring its position as the pre eminent volume of its kind the second edition has been expanded to 33 chapters and fully revised with new chapters on the following contemporary topics normative theory in ir critical theories and poststructuralism efforts at theoretical synthesis in ir

possibilities and limits international law and international relations transnational diffusion norms ideas and policies comparative regionalism nationalism and ethnicity geopolitics in the 21st century terrorism and international relations religion and international politics international migration a truly international undertaking this handbook reviews the many historical philosophical analytical and normative roots to the discipline and covers the key contemporary topics of research and debate today the handbook of international relations remains an essential benchmark publication for all advanced undergraduates graduate students and academics in politics and international relations

the fifth edition of international relations covers the subject from the historical perspective from the eve of the first world war to the end of the cold war and beyond this book is divided into two sections the first deals with the theoretical perspectives while the second provides an historical overview of events these include the two world wars problems faced in peace making system of alliances search for security nazism and fascism rise of communism the arms race and disarmament the cold war and its end non aligned movement and the emergence of regional organizations the book is a useful resource for teachers and students of history and political science those appearing for civil services examinations as well as those interested in international relations key features thoroughly revised and updated to cover the latest developments enlarged to cover theoretical aspects realism neo realism liberalism and neo liberalism dependency and feminist approaches covers recent historical developments such as the gulf war and the new international economic order

what are the challenges facing international cooperation to mitigate climate change was us foreign policy under president trump all that different from his predecessors are we witnessing world order or world chaos with an emphasis on theoretical approaches and their application to the real world this book is the definitive guide to answering such key questions in international relations throughout the text the authors encourage you to engage critically with essential theories by highlighting their strengths weaknesses and the major points of contention helping you to understand how contemporary debates in the discipline are connection with each other and how they are shaping the world in which we live new to this edition a new three part structure brings into clearer focus how theories meet real world developments a new final chapter on world order provides a current analysis of international turbulence encouraging you to connect theory to your own lived experience chapter 11 now includes a detailed discussion of climate change and how we can spotlight the environment in international relations through green theory approaches thoroughly refreshed and updated further reading recommendations support you in finding diverse and current

scholarship to enhance your learning book jacket

this bestselling introductory textbook provides a truly comprehensive and approachable guide to international affairs bringing together decades of combined experience in researching and teaching global politics from three acclaimed scholars this book introduces you to the key concepts in international relations while equipping you with the tools to successfully analyse the rapidly changing world in which we live carefully and pedagogically structured the book is driven by nuanced enduring questions to support active engagement with the subject matter it covers everything from war and its causes to the pursuit of peace the role of non state actors on the world stage and transnational concerns such as climate change thought provoking boxed features throughout highlight disparities between theory and practice provide overviews of key research and make use of the influential levels of analysis framework this third edition is completely updated throughout including extensive coverage of the latest advances in international relations scholarship and supported by a wealth of contemporary case examples the text is supported by a rich companion website with study guides instructor resources and interactive exercises to allow you to consider complicated political decisions for yourself introduction to international relations is the ultimate companion for undergraduate students of politics and international relations in need of an exciting and rigorous introduction to the subject
